

# Making a Difference in the Journey of Life

2026 Product Catalogue

**Sara Levitt**  
Hollister End-User and Ambassador,  
Montreal, QC

 **Hollister**

The fundamental values and principles of our founder, John Dickinson Schneider, form the foundation of our company today.

### Our Mission

To make life more rewarding and dignified for the people who use our products and services.

### Our Vision

To grow and prosper as an independent, employee-owned company and in the process become better human beings.

## Our Heritage

The roots of Hollister Incorporated date back to 1921, when 23-year-old entrepreneur John Dickinson Schneider founded a small printing company in Chicago, which he named JDS Printer Craftsman. From the very beginning, John Schneider's business philosophy was "only first class is good enough," and the company became known for its quality products, quality service, and quality people.

## Helping your patients live life on **their own terms**

You spoke, we listened. CeraPlus™ Pouches just got even better\*<sup>1,2,3</sup>. Because we're passionate about helping you improve the quality of life for people living with a stoma.

With the upgraded pouches, we have developed our best product combination. A wide choice of configurations to achieve a secure and comfortable **Fit** from day one, protecting from leakage. A moisturizing ceramide **Formulation** that helps maintain healthy skin around the stoma, minimizing transepidermal water loss, dryness and itching<sup>4</sup>. And a high-quality **Pouch** with improvements made to the closure, fabric and aesthetics.

We love that feeling when everything comes together. It's what makes CeraPlus™ Products' different. The outcome? A better quality of life for your patients, with more comfort and dignity.

### Upgraded pouch<sup>\*\*</sup> features include:

#### Fabric

- Softer fabric that's comfortable to wear and smooth on the skin
- Enhanced water repellent fabric that dries fast

#### Aesthetics

- Improved beige color that is discreet under clothes and visually appealing
- The fabric isn't see through to ensure patient privacy

#### Closure

- Secure fastener provides reassuring feedback to help indicate a secure seal
- The closure has soft rounded corners

[www.hollister.com](http://www.hollister.com)

\*CeraPlus™ Skin Barriers contain the Remois Technology of Alcare Co.,Ltd.

<sup>\*\*</sup>compared to our previous pouches. 1 Data on File, 2023; n=43. 2 Data on File, 2024. 3 Data on File, 2023; n=110. 4 Data on File, 2023; n=68 OSO Registry.

# Healthy Skin. Positive Outcomes.

## Choosing the Right Skin Barrier FIT

FIT is critical to get a good seal around the stoma to prevent leakage and promote comfort.

Possible Clinical Case Scenarios	Barrier Examples
	<ul style="list-style-type: none"><li>• Flat peristomal plane</li><li>• Adequate stoma protrusion</li><li>• Centered stoma opening</li></ul>  Flat Skin Barrier
	<ul style="list-style-type: none"><li>• Gentle pressure required to peristomal plane</li><li>• Flush stoma</li><li>• Peristomal injury</li></ul>  Integrated Soft Convex Barrier
	<ul style="list-style-type: none"><li>• Stoma flush with skin</li><li>• Uneven peristomal plane</li><li>• Off-centered stoma opening</li></ul>  Flat Skin Barrier with Round or Oval Convex Barrier Ring
	<ul style="list-style-type: none"><li>• Creases or folds in peristomal plane</li><li>• Off-centered stoma opening</li><li>• Stoma retracted below skin surface</li></ul>  Integrated Convex Barrier
	<ul style="list-style-type: none"><li>• Recessed or flushed stoma</li><li>• Uneven abdominal contours</li><li>• Off-centered stoma opening</li></ul>  Integrated Convex Barrier with Round or Oval Convex Barrier Ring

Prior to use, be sure to read the Instructions for Use for information regarding intended use, contraindications, warnings, precautions and instructions.

# Characteristics of Convex Skin Barriers and Clinical Application: Results of an International Consensus Panel

McNichol, L, Cobb, T, Depaifve, Y, Quigley, M, Smitka, K & Gray, M 2021, 'Characteristics of Convex Skin Barriers and Clinical Application - Results of an International Consensus Panel' - *Journal Wound Ostomy Continence Nursing*, 48(6): 524-532.

**Method** Concensus of 12 nurses from 11 countries with extensive experience in ostomy care

**Results** Five convex skin barrier characteristics and 16 clinical application statements reached

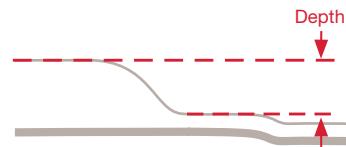

**Conclusion** Standard definitions to help clinicians select the right convex barrier based on assessment criteria for better patient outcomes

Scan the QR Code to read the full consensus results!

## The Five Characteristics of Convexity

### 1. Depth

The **depth** of the convex skin barrier is defined as the measurement from the apex of the dome to the base.

### 2. Compressibility

**Compressibility** is the capacity of the convex dome to be displaced or flattened.

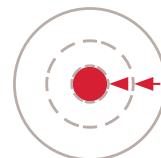

### 3. Flexibility

**Flexibility** is how easily the convex skin barrier can bend.

### 4. Tension Location

**Tension location** is the position in which the Convex dome exerts downward and outward forces on the peristomal topography.

### 5. Slope

The **Slope** is the angle from the base of the convex skin barrier to the apex of the dome.

# Hollister CeraPlus™

Ostomy Products\* have received official dermatological accreditation from the Skin Health Alliance

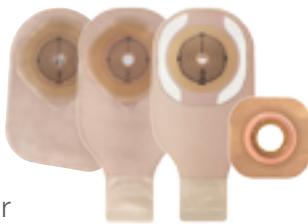

## Who is the Skin Health Alliance?

The **Skin Health Alliance** is a leading international skin health organization that works closely with dermatologists, scientists and the skin care industry with a common interest in the promotion of healthy skin. The **Skin Health Alliance** awards professional accreditation and endorsement to companies, services and brands seeking independent dermatological recognition for their product research.

- **Hollister CeraPlus™** Ostomy Products\* have received official dermatological accreditation from the Skin Health Alliance
- In addition to the current rigorous safety testing our products go through, the SHA accreditation signifies that the **Hollister CeraPlus™** Ostomy Products have been independently verified by a specialist panel.
- **Hollister CeraPlus™** Ostomy Products may help prevent skin problems and help keep skin healthy from Day 1.
- By choosing **Hollister CeraPlus™** Ostomy Products, people using stoma pouches can have the confidence and pride of knowing their barrier helps protect their skin, empowering them to live their life to the fullest.

Prior to use, be sure to read the Instructions for Use for information regarding Intended Use, Contraindications, Warnings, Precautions, and Instructions. Our customer research helped us identify opportunities to make improvements to our pouches\*:

## Fabric

- Softer fabric that's comfortable to wear and smooth on the skin
- More breathable fabric to reduce sweating sensation
- Enhanced water repellent fabric that dries fast

## Aesthetics

- Improved beige color that is discreet under clothes and visually appealing
- The fabric isn't see-through to ensure patient privacy

## Closure

- Secure fastener provides reassuring feedback to help indicate a secure seal
- The closure forms a bigger and wider opening, designed for easier access to the inside and to clean the edges
- The closure has soft rounded corners and is durable, for a focus on patient comfort

We will upgrade all existing CeraPlus™ Pouches, so every patient using Hollister can benefit.

**To find out more about the pouch upgrade, request a call from your Hollister representative who can take you through the positive changes and product availability.**

# Healthy Skin. Positive Outcomes.

## Choosing the Right Skin Barrier FORMULATION

FORMULATION is the customized ingredients responsible for adhesion, erosion resistance and absorption that must be carefully formulated to create an environment where healthy skin can thrive.

### Extended Wear Skin Barriers

#### CeraPlus™ Skin Barriers\*

- Contains skin barrier characteristics (adhesion, absorption and erosion resistance) and is **infused with ceramide** — a naturally occurring lipid in the skin which protects against dryness
- Formulation designed to help protect the skin's natural moisture barrier and help maintain good peristomal skin health

#### Flextend

- Durable with resistance to erosion
- Swells when it comes in contact with liquid to help form a seal between the skin and the stoma
- Suitable for those who perspire heavily
- Strong adhesion and flexibility

### Standard Wear Skin Barriers

#### FlexWear

- Good balance of durability and gentleness providing moderate adhesion, and can handle frequent or infrequent pouch changes
- Resistant to fluid erosion
- Suitable for all skin types, depending on change frequency
- Designed to be worn more than one day

#### SoftFlex

- Appropriate choice for:
  - Those who have thin, fragile, or sensitive skin (such as those who have undergone chemo/radiation therapy)
  - People who desire frequent removal
- Designed to be gentle to the skin, which allows for frequent pouch changes

### Did you know?

Hollister CeraPlus™ Ostomy Products\* have received official dermatological accreditation from the Skin Health Alliance.

**Who is the Skin Health Alliance?** It is a leading international skin health organization

that works closely with dermatologists, scientists and skin care industry with a common interest in the promotion of healthy skin. The Skin Health Alliance awards professional accreditation and endorsement to companies, services and brands seeking independent dermatological recognition for their product research.

### Floating Flange

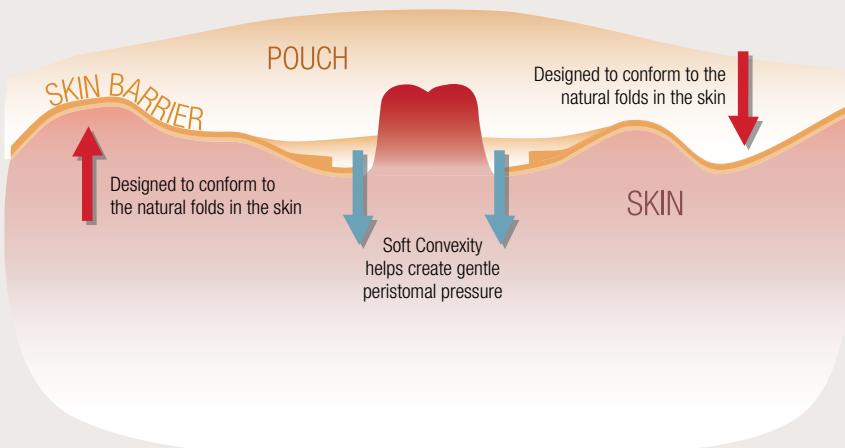

The floating flange may help allow a secure pouch and barrier coupling without pressing on the abdomen.

# Start With Soft Convexity

A flat skin barrier works well with a flat peristomal plane and adequate stoma protrusion. However, for many patients, the presence of skin folds, recessed stomas, or extra weight can make getting the right fit challenging.

CeraPlus™ Soft Convex allows for gentle pressure for a comfortable and secure fit as it conforms to naturally uneven body contours.

## DID YOU KNOW?

People with creases in the peristomal area were **3X more likely to experience a skin complication** than those who did not have creases.<sup>2</sup>

1. Based on evaluations completed in France, Germany, Canada, US, Australia, UK, Belgium, New Zealand, and Switzerland; Hollister Data on File, ref-02530. May 2021. Types of ostomies evaluated: Ileostomy (42%), Colostomy (29%), Urostomy (25%), Other/Multiple (4%). Patients evaluated ranged from post-op to 20+ years living with an ostomy; 50% had been living with an ostomy for less than 4 weeks.

2. Salvadalena G, Colwell JC, Skountrianos G, Pittman J. Lessons Learned About Peristomal Skin Complications: Secondary Analysis of the ADVOCATE Trial. *J Wound Ostomy Continence Nurs.* 2020;47(4):357-363.

## Clinicians Agree:

CeraPlus™ Soft Convex is an Ideal Choice

**70%**

would recommend it for post-operative use.<sup>1</sup>

Based on 300 evaluations

**91%**

were satisfied or very satisfied with the ability to get the best fit.<sup>1</sup>

<b>80110</b>	Ultra-clear	4-1/3" (110 mm)	12" (30 cm)	10

## Enhanced Design features include:

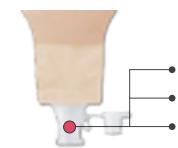

### Unique combination of fit and formulation

Flat and Soft Convex skin barrier options

Highly durable formulation maximises wear time and withstands erosion

Adhesive Border Barrier helps provide peace of mind with an extra sense of security

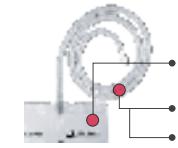

### A reimagined wide-bore soft tap

A large inner diameter

Soft, flexible, and durable material

Plug-style closure with a large knob

### Large collection bag and long tubing

2 litre capacity collection bag – Less frequent draining may improve quality of sleep

Corrugated tubing reduces kinking during movement

152.4cm tube offers freedom of movement

### Intuitive locking mechanism

New twist and lock feature for a secure pouch drain tap and collection bag connection

# CeraPlus™ Accessories

Sealed with the confidence of ceramide

The security + confidence of Adapt Accessories meet the science of ceramide

- Infused with ceramide — a natural component of the skin
- Helps protect the skin's natural moisture barrier
- Helps prevent leakage and protect skin—and may even extend barrier wear time
- Helps decrease transepidermal water loss (TEWL) from damaged or eroded skin sites erosion—even when wet or exposed to discharge from the stoma

## CeraPlus™ Rings

### Flat

Product #	Type	Outer Diameter	Inner Diameter	Thickness	Box of
<b>8805</b>	Standard	2" (48 mm)	3/4" (18 mm)	4.5 mm

#### Shadow Buddies dolls

- Exclusive to **Hollister**, Shadow Buddies dolls are special friends for children who have had or will have ostomy surgery
- Great teaching tool to help with education and care giving
- Huggable dolls with heart-shaped eyes and a stoma provide comfort and support

Shadow Buddies is a trademark of the Shadow Buddies Foundation

# Continence Care

A photograph of two women looking at a laptop screen. The woman on the left is older, with short grey hair and glasses, wearing an orange blouse. The woman on the right is younger, with brown hair, wearing a beige sweater. They are both smiling and looking down at the laptop screen.

People are at the center of everything we do.

# Infyna Chic™

## The improved Infyna Chic™ Intermittent Catheter

### New, clear tube

to aid visualisation.

### Longer catheter tube

for confident, full bladder drainage.

### More lubricious coating

for more comfortable insertion.

HydraBalance™  
Lubricating Technology

Recyclable casing

Made with 11%  
less plastic

PVC free

### A brighter choice

We know that even the small details can make a difference to how someone feels, which is why Infyna Chic™ catheter is available in French sizes 8-14 in 4 pastel colour funnels.

Size	Catheter length	Tip	SKU	Quantity per box
8 Fr	14cm	Straight	7008	30
10 Fr	14cm	Straight	7010	30
12 Fr	14cm	Straight	7012	30
14 Fr	14cm	Straight	7014	30

**The catheter glides effortlessly for ease of use  
giving users confidence and more time for living.<sup>1</sup>**

Jonny uses VaPro™ catheters  
Katie uses Infyna Chic™ catheters

## Experience the ease of use<sup>2</sup> and comfort<sup>3</sup> of our HydraBalance™ Lubricating Technology

Made with naturally sourced ingredients, its unique combination of hydrophilic coating and hydration fluid creates a smoothly gliding hydrogel cushion that not only helps protect the urethra, but also provides smooth and effortless insertion and withdrawal for a more confident and natural catheter experience.<sup>4, 5</sup>

### Key features of our HydraBalance™ Lubricating Technology:

- Smooth and comfortable on catheter insertion and withdrawal.<sup>6</sup>
- Helps protect the urethra from potential micro trauma and Urinary Tract Infections.<sup>7</sup>
- Designed to capture the right balance of naturally sourced ingredients for as natural of an intermittent catheter experience as possible.<sup>8</sup>

## Touch Free Hydrophilic Intermittent Catheters

### VaPro Catheters Provide 100% No Touch Protection with a Protective Tip and Sleeve:

VaPro catheters are hygienic by design to help protect patients from germs throughout the entire catheterization process.

#### Protective tip:

- helps shield the sterile catheter during insertion from bacteria located within the first 15 mm of the distal urethra
- helps reduce the risk of carrying bacteria into the urinary tract

#### Protective sleeve:

- allows for catheter to be gripped anywhere
- provides a barrier to the catheter to help keep germs away

# VaPro™ Pocket

VaPro Pocket™ catheters offer the features that patients want.<sup>1</sup>  
**Protection. Ease of Use. Discretion.**

VaPro Pocket catheters provide 100% No Touch Protection with a protective tip and sleeve, and they are easy to use, with an improved protective tip that offers a more comfortable insertion. The pocket-size package design is more discreet—a quality users prefer.

Consider VaPro Pocket catheters right from the start.

<b>9348</b>	Medium	18 oz (540 ml)	12
<b>9349</b>	Large	30 oz (900 ml)	packs

## Vented Combination Pack

Product #	Description	Capacity	Box of
<b>9645</b>	Medium	18 oz (540 ml)	10
<b>9655</b>	Large	30 oz (900 ml)	packs

## Bedside Drainage

Product #	Description	Capacity	Box of
<b>9839</b>	2000 ml Collection System	68 oz (2000 ml)	20

## m9 Cleaner/Decrystallizer

### Concentrate & Wash Bottle

Product #	Description	Size	Box of
<b>7736</b>	1 Bottle of Concentrate 1 Washing Bottle	16 oz (480 ml)	12

# External Collection Devices

## Urinary Pouches

### Female

#### SoftFlex Skin Barrier

Product #	Description	Box of
<b>9840</b>	Length 7-1/2" (19 cm) Width 4-1/2" (11cm)	10

### Male

#### Flextend Skin Barrier

Thin barrier for flexibility, no additional tape needed

Product #	Description	Box of
<b>9873</b>	Length 7-1/2" (19 cm) Width 4-1/2" (11cm)	10

#### SoftFlex Skin Barrier

Product #	Description	Box of
<b>9811</b>	Length 7-1/2" (19 cm) Width 4-1/2" (11cm)	10

## Fecal Collectors

### Pouches

#### Flextend Skin Barrier

Product #	Description	Pouch Length	Box of
<b>9823</b>	Medium, Ultra-clear	10" (25 cm)	10
<b>9880</b>	Large, Transparent	12" (30 cm)	

### Transparent Pouches

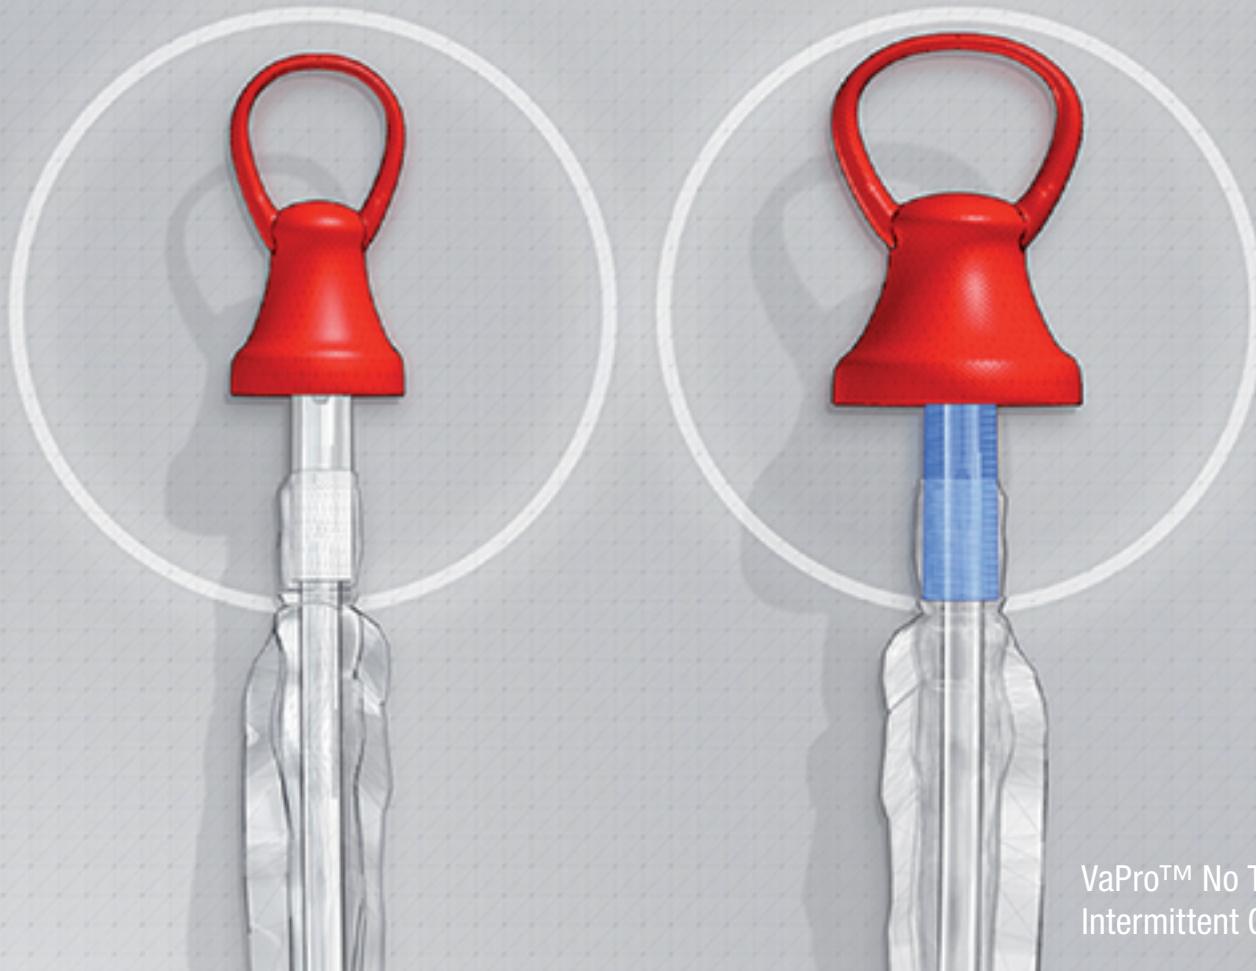

#### SoftFlex Skin Barrier

Product #	Description	Pouch Length	Box of
<b>9822</b>	Medium	10" (25 cm)	10
<b>9821</b>	Large	12" (30 cm)	

### Hollister's Urinary Pouches:

- Not Made with Natural Rubber Latex
- Have a cut-to-fit skin barrier
- Have a odour-barrier pouch film

VaPro™ No Touch  
Intermittent Catheters

# Study<sup>1</sup> Confirms Superior Protection\*

Hollister asked an independent laboratory to conduct a study to see if the **superior protection** of VaPro™ No Touch Intermittent Catheters could be measured. The study compared VaPro catheters to three other brands.

\*In comparison to other tested catheters.

## Oral Endotracheal Tube Fasteners

### AnchorFast™

Product #	Description	Box of
9799	<ul style="list-style-type: none"><li>ET tube wrap with one-click security clamp locks the ET tube in place</li><li>Gliding tube shuttle allows the ET tube to be easily repositioned from side to side while the tube remains secure</li><li>Flextend Skin Barrier</li><li>For tubes sized 5.0-10.0mm inner diameter</li></ul>	12

### AnchorFast SlimFit™

Product #	Description	Box of
9787	<ul style="list-style-type: none"><li>ET tube wrap with one-click security</li><li>Gliding tube shuttle allows for side-to-side repositioning of the ET tube</li><li>Thumb pad with increased surface area for finger or thumb placement when opening</li><li>Designed to accommodate smaller faces</li><li>Secures ET tubes ranging in size 5.0-8.0 mm</li></ul>	12

### AnchorFast Guard Select™

Product #	Description	Box of
9700	<ul style="list-style-type: none"><li>ET tube wrap with one-click security clamp locks the ET tube in place</li><li>Gliding tube shuttle allows the ET tube to be easily repositioned from side to side while the tube remains secure</li><li>Integrated tube protection sleeve designed to help prevent occlusion</li><li>Secures oral ET tubes ranging in size from 5.0 to 9.0 mm inner diameter and ET tubes with integrated subglottic suction lumen sizes 6.0 to 8.0 mm inner diameter</li></ul>	12

### AnchorFast Replacement Neck Band Straps

Product #	Description	Box of
9788	Replacement Neck Band Straps	4

## Tube Attachment Devices

### Horizontal Tube (HTAD)

Product #	Description	Box of
9781	Single use, sterile	5

### Vertical Tube (VTAD)

Product #	Description	Box of
9782	Single use, sterile	5

### Drain Tube (DTAD)

Product #	Description	Box of
9780	Single use, sterile	5

### Feeding Tube (FTAD)

Product #	Description	Box of
9786	<ul style="list-style-type: none"><li>FlexWear skin barrier conforms to patient's nose</li><li>Single use, sterile</li></ul>	20

### Suction Tube (STAD)

Product #	Description	Box of
9785	<ul style="list-style-type: none"><li>FlexWear skin barrier conforms to patient's nose</li><li>Single use, sterile</li></ul>	20

# General Information

## Terms of Payment

Net 30 days from date of invoice. Electronic Fund Transfers (EFT) are possible. Please contact: CanadaContact@Hollister.com

## Minimum Order

The minimum order requirement is \$250.00.

A charge of \$10.00 will be applied to any order below the minimum requirement.

## Shipping

Prices for shipments to destinations in Canada are FOB buyer's address.

If the method and route of shipment are specified by the buyer, the buyer is required to pay the delivery charges, upon delivery of products to the carrier, all risk of loss and other incidents of ownership pass to the buyer. These terms may not be altered.

## Pricing & Terms of Sale

GST/HST will be charged where applicable. Buyer agrees that they will not at anytime, directly or indirectly, sell or distribute, to customers which are located outside of Canada.

## Hollister Return Goods Policy

All returns for credit require written authorization from Hollister Limited. A Return Goods Authorization can be obtained by contacting a Customer Service representative at Hollister Limited via email at [canadacustomerservice@hollister.com](mailto:canadacustomerservice@hollister.com). Only unopened, full boxes of items sold and fulfilled by Hollister Limited may be returned. Items must be in re-sellable condition, with no external labelling or markings. Customer has **14 days** from the date of receipt to return for a full refund.

- A 15% restock fee will be applied to all returned goods over **14 days** from the date of receipt.
- No returns allowed on any goods over **30 days** from date of receipt.
- Copy of invoice or purchase order number must be provided for the return request.
- Product SKU and Lot# must match PO.
- Returned goods must match what is on the approved Return Goods Authorization.
- Any goods included in the return not part of the approved Return Goods Authorization will be refused and returned to sender at the customer's expense.
- All returns must be shipped to address listed on the Return Goods Authorization.
- Returns shipped to any other address will not be credited and will be returned at the customer's expense.
- Unauthorized returns will not be accepted. Unauthorized returns will be refused and returned at the customer's expense.

## Damaged Product

- Customer must contact Hollister Limited to receive a Return Goods Authorization within 10 days of receipt.
- **Customer must receive written approval and has 30 days to return Damaged Product.**
- Receiving dock must show in writing any package received damaged for Hollister to claim from Freight Company.
- Customer must provide copy of invoice or purchase order number for the return request.
- Credit will not be issued if customer disposes the damaged product without approval by Customer Service.
- If product cannot be returned due to extreme damage (leakage/broken) customer must provide pictures to Customer Service within **10 days** of receipt to get approval to dispose of and thereby obtain credit for the same.

## Shortages

- Customer must notify Hollister Limited Customer Service within **10 days** of receipt on shortages. Receiving dock must show in writing any package received short.

## Ostomy & Continence Retail Sample Policy

All sample requests at the Retail level are to be processed through Hollister Customer Service by calling 1.800.263.7400 or by email [canadasamples@hollister.com](mailto:canadasamples@hollister.com).

Retailer/client is to contact Customer Service and provide consumer information for sample processing. Samples will be shipped directly to consumers from Hollister Limited. Samples will no longer be available to ship directly to a retail setting.

## Prior to Use

Prior to use, be sure to read the Instructions for Use for information regarding intended use, contraindications, warnings, precautions and instructions.

## Latex Statement

The specifications for the Hollister Continence Care products listed below include natural rubber latex as a component; our suppliers add natural rubber latex as part of the production process. If a Hollister product(s) found in this catalog is not listed below, the specification for that product(s) and packaging does not include natural rubber latex as a component, and our component suppliers do not add natural rubber as part of their production process. Product # 9206, 9207, 9208, 9209, 9106, 9107, 9108, 9109
